Message from the Mayor.....

Mayor Bates would like to thank the HFVD and all volunteers for helping with the Town's Easter Egg Hunt. Thank you to HVFD and Public Works for helping with the Dumpster Clean-Up weekend. This benefits all Town residents. Public Works have been working on clearing Town property of abandoned RV's, making places look much nicer.

Mayor Bates would like to ask the Town of Hamilton residents how they feel about a community Yard Sale this summer and a Craft Street Fair in July. Please respond to the Town Hall if interested.

Public Works have been working hard on the area next to the Rails to Trails. There will be new grass, some new trees planted and picnic tables added to the area.
